Here's What the Plasterers Think of
ROCK PLASTER.

WE THE UNDERSIGNED, contracting plasterers, after much experience and observation, take pleasure in testifying to the practical character of **ROCK PLASTER**, and while it will remove a not inconsiderable amount of business, namely that of patching, we advocate its use, as it enables us to do our work and guarantee the results, and enables us to carry on our trade at all seasons of the year, and modernizes that part of building enterprise which has undergone practically no improvement in the last two thousand years, placing the business of the plasterer on the same footing as that occupied by the other trades through the advent of machinery and improved methods.

MARRIAGE licenses were issued to-day to Frank R. Query and Sue Kippenham, both of Atlanta, and to John Grass, Jr., and Miss Mary E. Weigand, both of Decatur.

In Justice Stevens' court to-day the two parties who engaged in a disgraceful fight at the tent the night that Algeid was here forfeited their bonds, giving up \$7 each.

It is believed that Elmer Kahn, who foolishly attempted near Cerro Gordo, to ride a bull, on which a saddle was strapped, will die from the effects of being thrown from the infuriated animal. Kahn was thrown off and fell on his head and suffered a fracture of the skull.

The Wabash earnings for the last week in September amounted to \$458,400, showing a handsome increase of \$37,100 over the corresponding week last year. The earnings for the month amounted to \$1,408,000, showing an increase of \$50,000 over September, 1891.

At the Antioch Baptist church on October 20th will be given a festival and a prize cake walk. A five dollar cake will be awarded for the neatest walker. A great throng of white and colored people will be there to witness the exhibition. Rev. Archie Ward will be in charge as general manager.

Because her husband had written her a letter, stating that he was going to leave Decatur and never return, Mrs. Hendricks swallowed chloroform last evening at the corner of East Main and Franklin streets with suicidal intent. Dr. Kiel was called and saved the woman's life. Mrs. H. is 33 and is a domestic at the Smoak House.

All the newest shapes in Haviland China. We have just opened our fall importations of Haviland's China, which is the largest shipment ever made to Decatur, Ill., by nearly double. We have more open stock patterns, and more designs in 100, 107, 120 and 128 pieces sets than you can find in the city. Our prices are more than right and are lower than you have been paying for crackable American crockery.

Mr. George C. Staley.
The clever German dialect comedian and vocalist, Geo. C. Staley, enacted the hero in his popular comedy-drama, "A Royal Pass," which will be the attraction at the Grand Wednesday Oct. 5th. The play is something more than a mere vehicle for the acting and vocalism of the hero. It is a piece of sustained interest, with a novel plot that is ingeniously worked out. Mr. Staley's fine singing is brought in as a part of the scenes in which it is heard. At every performance he will sing "Bye-Bye to Baby," "Watching the Children Play," and "Little Mother's Lullaby." These songs are warbled while rolling with two children. A novel and exciting episode in "A Royal Pass" is a locomotive race.

LOSS OF \$50 FOR AMZI BAKER.

R. F. Platt Got Him to Cash a Draft and It Went to Protest.

Two weeks ago R. F. Platt, member of the Decatur Electric Supply company, was at the Union depot, on his way to Minneapolis. He was short of cash, and he drew a night draft for \$50 on his father-in-law, R. H. Benson, a wealthy farmer of Platt county, and presented it to Amzi Baker, the Wabash ticket agent, to get it cashed, assuring Mr. Baker that the draft would be paid on presentation to Mr. Benson. Mr. Baker gave Platt the money, but the draft went to protest and Baker, who now admits that he was too confiding, is out \$50. Mr. Platt may have believed the draft would be paid, but the fact that it was not is a cold reality to Mr. Baker, and now the ticket agent wants to find Platt.

It is not known positively where Platt is at the present writing. Some days ago he was heard of as being at Minneapolis, and as late as last Sunday a telegram came from that point stating that he would arrive in Decatur on Monday, but he did not appear and is still invisible. Monday Mr. Benson and Attorney W. E. Lodge of Platt county were here to meet Platt, but they went home without seeing him.

The business affairs of Platt appear to be badly mixed. He is associated with John Culver and Mr. Gibson in the electric supply business. It is learned from a member of the company that on October 1 Culver and Gibson obtained a controlling interest in the business, which will be conducted without interruption as to plans and expenditures. The gentleman stated that Platt has been playing in hard luck and has no money except what he got from Mr. Benson. The amount is \$1 to be something like \$5,000, but as the source of supply is shut off Platt seems to be in a fix.

The proposed six story block will not be built on North Main street, this city. That enterprise has been abandoned, but the lot belongs to the company.

SCALDED HIM GOOD.

One Result of the Algeid Speech—Social Trouble.

John Stebarte is a coal miner and resides at 304 North Calhoun street. He is a native of Poland and so is his wife, John is an Algeid supporter, but his wife is not. She is a Republican out-and-out and believes that her husband is not traveling in the middle of the road and seeing in his interests when he trots around with the Algeid and Democrats. John took to the meeting on the "sundae" Saturday night, and then went home fired with a sense of animosity as held up by the man who wants to be governor but will never get there. John took a chair in his home and began shouting for Algeid and Democracy. Mrs. Stebarte stood it as long as she could. Becoming more and more disgusted she resolved to get even some way, and she got a vessel of hot water and watching her opportunity she poured the scalding water down John's back. That ended John's harangue. He quit talking and began howling, at once preparing for sweet revenge. It is not known just how many justices he visited to secure a warrant for his wife, but at the last he called on Dr. Hill to get a certificate that he had been scalded. He got it, but what he did with it is not known.

Mrs. Stebarte may have done wrong in scalding her husband, but no doubt she deemed the provocation great and the act justifiable. It is not likely that John will talk Democracy to his Republican wife in future. Certainly he will not do so if there should be any hot water on the stove.

A CHILD LOST.

The Infant Son of Mr. and Mrs. W. C. Bradley Wanders Away.

Mr. and Mrs. W. C. Bradley, who reside three miles and a quarter northeast of Macon, were in the city to-day on a shopping expedition, and they left their little son at the residence of Mr. and Mrs. Thomas Fox at 243 West Cerro Gordo street while they finished their trading. The child was last seen at 10:30 o'clock this morning playing with some little children in front of the Fox residence. He was attired in a light gingham dress and is marked by a slight scar on his nose. His parents are greatly worried on account of his sudden if not strange disappearance, and are eager to learn of his whereabouts. The police have been notified and they are leaving nothing undone to find him.

Episcopal General Convention.
Mr. W. J. Quinn is now on his way to Baltimore as delegate to the general convention of the Episcopal church, which convenes there in Emanuel church to-morrow. This is a triennial convention, meeting once in three years. Corresponding to our national government in its organization, the convention is composed of two bodies: the house of deputies and the house of bishops. The house of bishops sits with closed doors. The house of deputies is composed of the clerical and lay delegates from all the dioceses in the United States.

The final adoption of the changes in the prayer book, which have been discussed by the last three general conferences, is expected. Also, the acceptance of the report of the committee on the revision of the hymnal of the church.

Mr. Quinn has represented this diocese (Springfield) as a lay delegate in the last five conventions, or since its formation. Certainly it is a well merited honor. He is the senior warden of St. John's church.

Capital District Medical Society.
A meeting of the Capital District Medical Society will be held at Jacksonville, Thursday, October 6, at the Y. M. C. A. Hall, when the following program will be observed:

F. Kinsman, Mr. and Mrs. N. May, H. M. Bragg, wife, Misses Emma Friederichs, Anna Lyons and Josie Kail and Mrs. Noah Childs are visiting in St. Louis and will witness the Veiled Prophet's parade.

Joshua Day has just returned from a visit to friends in Marion, Tazewell county. While at Peoria he attended the state fair, which he reports a success in every way. The stock show, the fairs, cereals, machinery and garden stuff on exhibition he thinks as fine as he ever saw. It may be well to remark, in view of the fact that the state fair last year, that this year he got back with all the plunder he took away.

An important epoch in the management of city affairs will occur this afternoon and to night. It will be the submission of sealed bids not later than 4 p. m. to furnish Decatur with a \$25,000 or \$30,000 filter for the city water, and at 7 o'clock the council will meet to open the bids and consider the same. Bids are expected from the Jewell Gravity Filter Company and the Warren Gravity Filter Company, and the New York Pressure Filter Company, represented by Mr. Thomas. The city is taking the right course in this important matter. Clear water and only clear water should be furnished in return for the water rates exacted, rates that are higher now for filthy water. Let the council take no backward step. Get a filter and while you are getting a filter, get a good one. The council will have to issue bonds to meet the expense.

Board of Education.
DECATUR, ILL., Oct. 4, 1892.

GOOD-BYE NIGHT AT THE NAT.

Close of the Season—Social Party and Expert Swimming at the Pool.

The public natatorium built at Riverside park by I. B. Mills, which has been so successfully managed during the season by Prof. Harry Harrison, was closed for the season last night, when a large party of patrons and friends were present to enjoy the farewell swim and exhibition of expert skill in the water. There were many ladies and children in the pool, and several ladies distinguished themselves by swimming from side to side amid the plaudits of the crowd in the boxes and the gallery. Altogether it was a merry occasion.

Prof. Harrison, who is confessedly the champion all-around swimmer of the world, having given exhibitions in Europe and America for many years, entertained the club for nearly an hour by marvelous feats of speed and endurance in the water. He was like a cork at times, floating without a single movement of hands or limbs, and then he would race through the water as if driven by a storage battery. Probably the most amusing feat was that of sinking to the bottom of the pool in four feet of water and remaining there until the amateurs it seemed he must have drowned. How he could stay on the bottom so long without rising to the surface was a great puzzle. That feat is acquired only after long practice. The professor was enthusiastically applauded throughout the exhibition.

Billy Weston gave exhibitions of high diving, and then went in a race with Willie Friend twice across the length of the pool for the championship of Decatur, and Weston won by one stroke.

Prof. Harrison at the closing hour received the best wishes of all patrons of the Nat. He has proven an excellent manager and teacher, and has taught many the art of swimming who really thought they never could learn. The Professor has a flattering offer to go to Springfield, and build a Nat in the business part of that city, with the understanding that he may become the owner in a short time. He may accept the proffer. If he does he will not be in Decatur next season; but wherever his lot may be cast, his hosts of Decatur friends will wish him good luck and prosperity.

As a substantial farewell testimonial the Club presented Professor Harrison with a handsome purse of cash.

THE BABY-PICTURE CONTEST.

L. F. Abrams, the Well-Known Photographer, Awards Prizes.

The prizes offered by L. F. Abrams, the well-known photographer located over the Peabody & Barrows bank, for the handsomest baby picture taken during two weeks, was awarded to-day by the judges. The date of the contest was published, and during the specified time hundreds of baby pictures were taken in competition for the prizes, which were a \$75 portrait, to the handsomest baby, a \$15 platinumotype to the next choice, and a \$25 bronze portrait to the fattest baby. The judges chosen were Mrs. O. N. Bramble, Mrs. J. B. Seiberling, and Mrs. W. F. Martin. The decision of the judges was rendered to-day. The handsomest child was the daughter of Mr. and Mrs. H. R. Ruler, of Mt. Zion, and the second prize was awarded to the infant child of Mr. and Mrs. D. H. Crawford, of this city. The fattest baby was the infant son of Mr. and Mrs. William Gary, the little fellow weighing 24 pounds at 4 months. The contest was on from July 25th to August 8th, but owing to the rush of business which this gallery is enjoying the work of assessing the pictures was completed in a short time ago. The contest has done much to increase the popularity of this gallery, and the decision of the judges will be eagerly read by the many parents whose children entered the contest. The reputation of the excellence of the work of this gallery has long been established. None but first-class workmen are in charge and they are prepared to execute orders promptly and insure satisfaction.

RALLY IN THE FIFTH WARD.

Republican Gospel for the Workingmen.

There will be a Republican rally at Dougherty's Hall in the Fifth Ward, Tuesday evening, Oct. 4th, at which W. F. Calhoun and Captain William Grayson will be the speakers.

Let all of the voters, especially the workmen, turn out and hear the truth as it is. All those who are young men and those who are old men will march from the wigwag to the hall.

A Bold but Unsuccessful Attempt at Bank Robbery.
Evan, Pa., Oct. 4.—A bold but unsuccessful attempt at bank robbery took place yesterday noon at the Keystone national bank. While Treasurer Frank Kepler was fixing up his cash, four young men entered the bank and before he was aware of their presence he and bookkeeper Charles Liebel were covered by revolvers, which were looking upon them from every window of the bank enclosure. The robbers cried: "Hands up, and keep your hands up, or we will drop behind the counter, and one of the robbers fired and hit Kepler in the face, inflicting a very dangerous wound. All four of the robbers beat a hasty retreat, but were run down and are now in custody. All four are young men and give names which are fictitious. They were very heavily armed. They claim to be from New York.

The Sea Gives up Its Dead.
WILMINGTON, N. C., Oct. 4.—Six bodies, supposed to be those of sailors, were washed ashore last Friday on the beach at Little River, S. C., forty miles south of the mouth of Cape Fear river. They were lashed to a raft made of spars and were in an advanced state of decomposition. The head and one arm of one of the men were gone. Some wreckage came ashore, and it is supposed that some vessel was wrecked on the coast, but there is nothing about the wreckage to indicate the name of the vessel or fate of the crew. Some anxiety is felt here concerning the schooner S. E. Graham, which sailed for Wilmington from Port Royal, S. C., September 30, with phosphate rock.

P. D. & E. EXCURSIONS.

On Oct. 4, P. D. & E. will sell tickets to Evansville and return for one fare for round trip, good till Oct. 10. Tickets call on T. Fawcett, Union Library Block, or C. G. Judson, Union depot.

Illinois Militia at the World's Fair. Hon. Lafayette Funk, president of the state board of agriculture, speaking of the question of securing funds for the transportation of the national guards of Illinois to the dedication of the World's Fair next month, says he thinks it doubtful if the money can be secured. The only fund available is that of the amount appropriated by the state for a state exhibition at the fair, and it is to be hoped that the state commission, of whom Mr. Funk is president, may allow \$15,000 for transporting the militia of Illinois to Chicago. The question will be decided at Springfield at the regular meeting of the board on October 3.

Accident to Mrs. Yates. Mrs. Catherine Yates, wife of ex-Governor Richard Yates of Jacksonville, met with a serious accident yesterday while driving along the line of a street railway. Her horse became unmanageable and backed into one of the electric cars, which was moving at a very rapid rate of speed and she was thrown to the ground and one of her arms was broken. Mrs. Yates is the mother of Dick Yates, Republican nominee for congressman-at-large.

GROUND WILL BE BROKEN.

The New Electric Railway—100 Miles an Hour.

Now it is given out with every evidence of official authority that on Monday or Tuesday next ground will be broken at Edinburg, west of Taylorville, for the St. Louis and Chicago Electric railway, the air line road, which is to run passenger cars at the rate of 100 miles an hour. Part of the line goes through Austin and Illinois townships, in Macon county, and a branch road is to connect Decatur with lines at some point near Warrenton.

Dr. Adams, the chief promoter of the great enterprise, has started a long train of workmen, wagons and machinery from St. Louis. To a reporter in St. Louis last evening Dr. Adams said, as the caravan moved along toward the big bridge: "That is the first gang of workmen going over to Edinburg, Ill., where we will commence operations in building our new road. This gang is under the command of Andrew F. Burke, an old railroad contractor, and contains all the requisites for a railroad camp. We have mules, plows and camp utensils for 200 men. They are going overland and will reach Edinburg, which is eighty miles from St. Louis, by Wednesday of next week. Of course we will have appropriate ceremonies, speech-making and all that. I have invited Mayor Noonan and Mayor Washburne of Chicago to be present. Work on the road will be commenced at once. We have our powerhouse built at Edinburg and equipped with enough machinery to operate the road. The building of the road bed will be pushed in both directions. Our cars are now in process of construction and the road will be in operation before long. It is possible to have the road finished in time for the World's Fair, and if money can push it, we will have Chicago and St. Louis within three hours of each other. Our finance are in splendid shape, said the Doctor as the last car's wagon went by. I made a check on the bank last night and found that the money was all right. That has put all worry about finance out of the way."

CAMPAIGN WORK.

Stumpers for All Parties Rally Politics—Republican Rally To-Night.

The Hon. James S. Clark, of Mattoon, will address the Republicans at the Wigwag to-night, and in his honor the Wigwag club will turn out for duty. The Abraham Lincoln club will be out. The Republicans of Pleasant View township had a big meeting at Blue Mound last night, addressed by L. M. Lee and D. C. Corley.

At Elwin the Wheatland Republicans were addressed by A. H. Mills and W. F. Calhoun. H. W. Bartholomew and John A. Barnes, of Boody, accompanied the speakers to the meeting.

Lawrence B. Stinson, David Hutchinson and C. O. Lefors, talked to about 200 Democrats in Dougherty's hall on East Eldorado street last night.

E. B. Onks, A. F. Smith, W. T. Davidson, W. L. Hubbard, G. A. Henderson, A. E. Humphrey and Ayres Lefors addressed the Prohibition club meeting last night.

Endeavor Information. The executive committee of the Christian Endeavor Union was held last night, when all of the city pastors were present. Rev. W. C. Miller, Dr. Penhaggon and Dr. Ouel were appointed to make arrangements for a general meeting to be held in Decatur in the month of November. It was decided to accept the invitation from Mrs. W. M. Ouel, president, to hold the meeting at Mrs. E. M. Miller's home. A committee of one from each church was appointed to arrange the exercises. This is the committee: Messrs. Powers, Henkle, Irwin, Gardner, Bear, Odor, Newell, and Dimock. N. N. Martin is the chairman.

Here's What the Plasterers Think of
ROCK PLASTER.

WE THE UNDERSIGNED, contracting plasterers, after
much experience and observation, take pleasure in testifying
to the practical character of **ROCK PLASTER**, and while it
will remove a not inconsiderable amount of business, namely
that of patching, we advocate its use, as it enables us to do
work and guarantee the results, and enables us to carry on
our trade at all seasons of the year, and modernizes that
part of building enterprise which has undergone practically
no improvement in the last two thousand years, placing the
business of the plasterer on the same footing as that occupied
by the other trades through the advent of machinery and
improved methods.

A \$2,500,000 MORTGAGE.

Transfer of the Terre Haute
& Peoria Railway.

L. H. Burgeon Superintendent, and
George Sessions Freight and
Passenger Agent.

The air of late has been full of rumors
about the proposed sale or transfer of
the Terre Haute & Peoria railway to the
"Big Four" or some other interest. Con-
firmation of the rumors appeared to-day
when a mortgage for \$2,500,000 was
filed for record in the office of Circuit
Clerk McCallan. The mortgage is
made on the T. H. & P. property
to the Union Trust Company of
New York, dated Sept. 1, 192, to mature
Sept. 1, 1942, a period of 60 years. The
new management will take charge to-
morrow Oct. 1st, when circulars will ap-
pear formally announcing the transfer of
the T. H. & P. road to the Terre Haute
and Indianapolis railroad company.

The circular announces the appointment,
effective October 1, of Mr. L. H. Burgeon
as Superintendent of the Peoria Division
in charge of transportation and main-
tenance of way, and Mr. George Sessions
as Division Freight and Passenger Agent.
All agents and employees of the Terre
Haute and Peoria are continued in
service until further notice.

The transfer of this property to the
Terre Haute and Indianapolis Railroad
Company is made pursuant to an oper-
ating contract entered into between the
two companies in interest, by the terms
of which the Terre Haute and Indian-
apolis Railroad Company is to operate
the Terre Haute and Peoria for a period
of ninety-nine years from October 1, 1922,
and to pay 30 per cent of the gross
earnings annually to the Terre Haute
and Peoria company.

Mr. Burgeon is in Terre Haute to-day.
He went over last night in a special. He
will return to-night. It is gratifying to
learn that both Mr. Burgeon and Mr.
Sessions are retained as heads of the
company.

It is not known whether or not the
general offices will be abolished. Super-
intendent Burgeon will know when he
arrives from Terre Haute.

Rev. Thomas A. Parker.

The following preamble and resolution
adopted by the last quarterly conference
held at Champaign, shows the esteem
in which that gentleman is held by his
brethren.

WHEREAS, by the laws of the Methodist Epis-
copal church, the Rev. Thomas A. Parker, D.
D., pastor of the First Methodist church,
Champaign, Illinois, has been elected to
the Champaign district, which office he has
faithfully and efficiently filled for the past six
years, to-wit:

Resolved, by the last quarterly conference of
the Champaign district, held in the First M. E.
church, Champaign, on September 12, 1922, that
the said district will give the services of a
able and efficient worker in the cause of the
church, in the department of Dr. Parker to re-
ceive of labor, and that the church at Cham-
paign deeply regret the necessity of Dr. Par-
ker's departure from our midst, not only on ac-
count of his able and efficient discharge of his
duties as a pastor and presiding officer, but
also on account of his personal relations to us,
made so by his kind and genial deportment
in his official position. And we feel sure that
the citizens in general, as well as the entire
membership of the church, will regret to lose
Dr. Parker and his estimable family.

Dr. Parker will take charge of the work
here by occupying the pulpit of the First
M. E. church Sunday morning and evening.

An Expensive Error.

Several days ago the H. Mueller Plumb-
ing and Heating company on North Main
street ordered their roof painted by a local
painter, and to-day, since nothing had
been done, Bob Mueller went to the
painter to inquire why the work had not
been done. The contractor was a little
surprised, but stated that the work had
been finished yesterday. They went to
the roof, which had accumulated on
the roof, but the paint from
view. But when Mr. Mueller took him
to a place where some repairs had been
made, he began to think himself that
he was mistaken. He then hunted up his
boss painters and when questioned they
stated that the work had been done.
Closer inquiry revealed the fact that they
had painted the roof on the Anderson
building occupied by the H. Mueller
Gun company. The material cost \$5
and the time of several painters will
amount to quite a sum.

Hon. Horace S. Clark at Waverly.

Waverly, Ill., Sept. 29.—Hon. Hor-
ace S. Clark of Mattoon, addressed the
people of Waverly this afternoon on the
political issues of the day. Although
the announcement of the meeting had
been indefinite and altogether insuffi-
cient, a large crowd gathered here on the
occasion. The Republicans have few
better debaters on the stump, and the
manner in which he dealt with the opo-
nents of Democracy was in every way
masterly. The tariff question and the
two great parties occupied the most of
his time, and a good many Democrats
went away wiser than they came—at
least a good many good sized bugs were
put into their ears of whose existence
they had not dreamed before.

When Election Day Comes.

Election day comes this year on No-
vember 8, being the Tuesday succeeding
the first Monday in November. This is
the latest date at the general election
possibly come as November comes in
this year on Tuesday. Voters who are
expecting to change their residences
should remember that the Illinois law
requires a residence of thirty days in the
ward or precinct, ninety days in the
county and one year in the state. After
the 7th of October, which is one week
from to-day, no voter can move from one
ward to another without losing his vote.

Great Corn.

James Freeman has 120 acres of well
improved land at Freeman Grove, three
miles east of Monmouth. The tenant is
E. Adamson. To-day Mr. Freeman had
sample of splendid white corn grown on
his place, planted as late as June 14.
Every ear is filled out plump to the tip.
No better late planted or early planted
corn has been shown in Decatur this
season.

Died of Old Age.

Mr. Mary Brown died yesterday
afternoon at 3 o'clock at St. Mary's Hos-
pital of old age. She was 74 years of
age at the time of her death. Two grand-
children survive her. The funeral will
take place to-morrow afternoon from the
German Catholic church.
